POETRY is an exhibition of text-based works that bear a formal relationship to the space they occupy; such as the page, the book, the screen, the board, the wall, time, space, or take an art work as a starting point. Think of concrete poetry, text-works that utilise the page/book as a formal device, ekphrastic poems, word paintings, performance poetry, word & text-based video, and audio works. Works submitted take the form of poetry publications, page works, paintings, sculptures, postcards, iPhone poetry, overhead projection on transparencies, a Mintie poem, floor works, hand made paper poems, a spoken-word choir, wearable poems, poetry portraits, audio and video works and more.
